The Union depot proposition has been presented to several of the councilmen and they are very much in favor of it. They all agree that it is just what the city needs and that there is no reason why she should not have it. They said that they were willing to do all in their power to have a great Union depot. Only a wife and mother can fully understand the grassel benefit which Wine of Cardui is in cases of barrenness and pregnancy. After five years of married life most of the time in ill health, with irregular, scanty and extremely painful menstruction I became completely discouraged. I kept getting worse and worse. The doctor said that if I could have a child I would be much better, but inflammation had set in and I was in such poor health generally that I was simply unfit to be a mether. My sister had a beautiful bey and she told me what benefit she had derived from Wine of Cardui so my husband decided that we would stop the doctor's visits and try Cardui. I wish I had only known of this before. What misery I would have been spared! But I was grazeful for the speedy relief I obtained, and so pleased to find that I gradually was reterming to health, happiness and new life and hope. Within four menths I was like a changed being and now found that the long here if for happiness was to be mine as I expected a child. I kept taking Wins of Cardui all through my pregnancy and a lovely daughter blessed our home. Childhirth was almost painless and my husband and I both thank you a thousand times for the sunshine and happiness Wine of Cardui brought to our home. 623 Grand Ave., Milwankee, Wis., March 22, 1902.
